## *Commercial Building Permit Application*

All of the following items noted below shall be submitted when applying for a building permit for a commercial building/structure

*Reviewing and processing a permit application can take up to ten business days to complete once all the required documents have been received.*

*\*\*Any forms required below can be found under the forms/applications tab on my website, melstrominspections.com*

- 1 A completed and signed building permit application, backside of this page. Contractors shall be licensed.
- 2 A copy of the approved land use permit from the appropriate municipality, if applicable.
- 3 A site plan: A site plan is a bird's eye view of your property. The site plan shall include a North directional arrow, property lines, street(s), existing buildings, proposed shed/garage location. To be included are the distances from the proposed project to all property lines, streets, and/or any other structures on the property.
- 4 Drawings, floor plans, structural details, and/or project documents shall be submitted with the permit application.

**SPS 361.30(1)a**, Except as provided in **SPS 361.30(1)b**, the construction of, the alteration of, or the addition to a public building or a place of employment may not commence unless plans for the project have been submitted to and approved by the department(State). **\*\*If plans are required to be reviewed by the State, the State approval letter and the State stamped plans shall be provided with this permit application.**
